MARKET FOR PAW PAW-RED LADY

The National Marketing Board (NAMBoard), among its priorities partakes in the development of the value chain for fresh and processing pawpaw. We now seek to consolidate the market supply locally and in the export arena in the southern African region.

We are requesting all farmers producing the above stated variety to supply us with their farmer profiles through using the forms provided in our system so as to facilitate proper forecast on volumes and quality in the our process to market the produce.

The forms to use in providing the farmer profile may be sourced from the Agricultural Marketing Information System (AMIS) website (www.amis.co.sz) or NAMBoard website (www.namboard.co.sz).

Alternatively, farmers may contact our Marketing Coordinator whose details are provided below:
